The Whore of Babylon and the Beast

Revelation 19

Understanding the Whore of Babylon

- It started with Cain... he sacrificed the fruits of his garden in an attempt to please YHWH.
 - Cain brought his “works religion” to Egypt where he built the first real human civilization.
 - In Egypt, he was first called *Asur* but later on, he was called Osiris.
 - Because he was the first *Nephilim*, he was worshipped as an *elohim* by the Egyptians.

Revelation 19

Understanding the Whore of Babylon

- It started with Cain... he sacrificed the fruits of his garden in an attempt to please YHWH.
 - Cain brought his “works religion” to Egypt where he built the first real human civilization.
 - Cain brought agriculture to Egypt. However, his agriculture was destructive in that it depleted the land of its minerals.
 - YHWH would have to bring Joseph (Imhotep) from Canaan down to Egypt, so he could correct the errors of Cain’s agricultural methods.

Revelation 19

Understanding the Whore of Babylon

- It started with Cain... he sacrificed the fruits of his garden in an attempt to please YHWH.
 - Cain brought his “works religion” to Egypt where he built the first real human civilization.
 - Shem eventually cut Osiris into 15 pieces (he was still alive and is still alive). Remember the curse put on any man who kills Cain.
 - And YHWH said unto him, Therefore whosoever slayeth Cain, vengeance shall be taken on him sevenfold. And YHWH set a mark upon Cain, lest any finding him should kill him. (Genesis 4:15)

Revelation 19

Understanding the **Whore** of Babylon

- It started with Cain... he sacrificed the fruits of his garden in an attempt to please YHWH.
 - Cain brought his “works religion” to Egypt where he built the first real human civilization.
 - He had a son named Horus. You see his eye on every U.S. dollar bill. He was born on December 25, the 359th day of the year.

Eventually, the remains of Osiris was taken to Oak Island by British 007 agent William Dampier and buried alive in the 17th century.

Revelation 19

Understanding the **Whore** of Babylon

- The Mormons attempted to find the body of Osiris along with enough treasure to cover their losses in the Kirtland, Ohio Bank Scandal.
- Future President Franklin Delano Roosevelt also participated in a Masonic dig on the island in the early 20th century.
- Even now, a Masonic archeological dig on Oak Island is looking for “treasures” and other artifacts.
- Marty and Rick Lagina are leading this effort. Marty Lagina owns a very profitable energy company in Traverse City, Michigan.
- The Canadian government and the History Channel are heavily invested in this effort.

Revelation 19

Understanding the Whore of Babylon

- It started with Cain... he sacrificed the fruits of his garden in an attempt to please YHWH.
 - When the Egyptian economy began to stagnate (Genesis 41:37ff), Cain would travel to Babylon where he created their religion. Eventually, the Babylonians would conquer and control Egypt.
 - When Babylon started to stagnate, Cain moved his religion to Persia.
 - From Persia, with the help of the corrupt House of Eli (Abiathar, the deposed priest), the religion moved to Greece and Phoenicia.
 - The Phoenicians were the first true seafaring nation, bringing their culture from Tyre, to Greece, Carthage, and finally Rome.

Revelation 19

Understanding the Whore of Babylon

- The first five civilizations of Cain are:
 1. Egypt
 2. Assyria
 3. Persia
 4. Phoenicia
 5. Macedonia (Alexander the Great)
- The sixth civilization that existed at the time of John Mark:
 6. Rome
 - It started as a civilization.
 - It became a religious system when the family of the Roman dictator Fabian married in the House of Eli's family creating the Phiabi Family Line.

Revelation 19

Understanding the Whore of Babylon

- The Phiabi Family Line became the Harlot System.
 1. They took over the Phoenician Shipping Business, including all the Philistine thug enforcers who made sure everyone paid their bills.
 2. They installed themselves as the High Priests in the Temple.
 3. They set up banking systems and loaned money to all the kings in the Roman empire:
 - i. They financed Herod so he could help Julius Caesar get out of a bad situation in Egypt.
 - ii. Herod was installed as King of Judea and the Phiabi Family was installed as the high priestly line, even though there were several families far more qualified.
 - iii. Because the Phiabis controlled the purse strings of kings, the politicians had to do what they were told.

Revelation 19

Understanding the Whore of Babylon

- The Phiabi Family Line became the Harlot System.
 - They installed themselves in three places:
 - The religious system
 - The financial system
 - Indirectly in the political system, using money to control the politicians.
 - When the Roman Empire started to collapse in the fourth century, the Phiabis:
 - Used the political system to gain inroads into Christianity.
 - When Emperor Constantine I gained control of all Rome, he gave the Christians all the Roman Basilicas (office buildings) as church buildings, as he wanted “out of the religion business.”
 - Because these basilicas were expensive to maintain, the Phiabis were more than happy to “help out” the Christians on the money end.

Revelation 19

Understanding the Whore of Babylon

- The Phiabi Family Line became the Harlot System.
 - Eventually, the Phiabis were able to insert themselves into the office of Bishop of Rome. In time, they made the Bishop of Rome the controlling Bishop over the entire Catholic Church.
 - When Rome fell, the Phiabis moved their financial operations to Venice, Italy, where they were able to financially control all of Europe.
 - Through the Catholic Church, they controlled the religion.
 - Through the Venetian Banking System, they controlled the money.
 - They also set up the Ten Royal Families to rule Europe and eventually the rest of the world. The Ten Royal Families are the “Beast” that the Harlot rides.

Revelation 19

Understanding the Whore of Babylon

- Even though the Phiabis set up the Ten Royal Families of Europe, because they were all descended from King Solomon, they felt they had the “divine right to rule” the rest of the world.
 - The Phiabis became the riding harlot that controlled.
 - The Ten Royal Families became the Beast
- The Phiabis used their wealth to control all the breakoff churches from the Roman Catholic Church.
 - They used the differing beliefs of every church system to create “the religion on the cafeteria plan” program.

Revelation 19

Understanding the Whore of Babylon

- The Only thing the Phiabis lacked was a mechanism to control the masses of people.
- While the first four crusades garnered the support of the European Kings, calls for later five crusades generated nothing but yawns.
 - They found it back in Egypt, Babylon, and Persia. It was an opiate drug called Hashish. A Danish merchant named Franz Kolmer brought it from Egypt.
 - One of his associates was Adam Weishaupt (the founder of the *Illuminati*).
 - He taught Weishaupt about the Assassin Cult, how they used Hashish to control their members, and get them to assassinate key government figures.

Revelation 19

Understanding the Whore of Babylon

- Weishaupt became aware of Dr. Franz Anton Mesmer's (1734-1815) work at the University of Vienna in Austria.
- Because of the controversial nature of his "research," he was obliged to move to Paris where he practiced medicine (the medical field was more liberal in that city). He studied in two basic areas:
 1. Animal Magnetism
 2. Hypnosis and "Mesmerism"

Revelation 19

Understanding the Whore of Babylon

- In Paris, Dr. Mesmer had an American student named Luman Walters, who studied under him while completing a medical degree. After receiving his degree, he returned to America where he practiced medicine for a time.
- Dr. Walters' interest in occultism brought him in contact with the family of Joseph Smith, Jr. It was Dr. Walter's seer stone that Joseph Smith, Jr. used to "translate" the *Book of Mormon*.
- It is also probable that Dr. Walters befriended the Smith family because he was interested in the treasure on Oak Island in Nova Scotia.

Revelation 19

Understanding the Whore of Babylon

- After Joseph Smith, Jr. died in 1844, Dr. Walters slowly fell out of favor with Brigham Young and the succeeding Mormon leadership.
- His place was taken by Willard Richards, a pharmacist from Massachusetts who had some understanding of occultism.
- Both Willard Richards and Brigham Young knew the occult power that resided in both sides of the Smith Family.
- Seeing that Joseph Smith, Jr. has become an opium addict with a raging libido, they realized he was becoming a liability to the movement. To tap into that occult power, Willard Richards and Brigham Young married their 56 and 58-year-old sisters off to Joseph Smith, Jr.

Revelation 19

Understanding the Whore of Babylon

- After Joseph Smith, Jr. died in 1844, Brigham Young started making preparations to move the Mormons west to Utah. However, while he was making those preparations, he sent his sister Fanny Young Smith and a group of excavators to Oak Island to dig up what was there.
 - 1844 was a period in time called the “free banking era.” If you had a certain amount of gold or silver, you could use it to start a bank and then print paper money. Brigham Young’s bank had printed more paper money than he had gold and silver to back it. Finding Captain Kidd’s treasure was his road back to financial solvency.
 - In 1837, the Mormons had another bank scandal called the Kirtland, Ohio Bank Scandal. They printed more notes than they had gold and silver to back it. Mormon officials including Joseph Smith, Jr. did prison time for this crime.

Revelation 19

Understanding the Whore of Babylon

- Brigham Young's plans to find the Oak Island treasure ended in disaster, even though Fanny Young was able to break Joseph Smith, Senior's "black dog" curse on the island.
 - What they did do was spring William Dampier's "water trap" that kept Osiris silent until 1845. Suddenly, all sorts of messages started appearing all over New England:
 1. The Mormons continued their spread across the USA.
 2. The Seventh-Day Adventists prophesied an addition to the Bible via Ellen White.
 3. The Christian Science Movement under Mary Baker Eddy.
 4. Theosophy under Helena Blavatsky and Colonel Olcott.
 5. Jehovah's Witnesses under Charles Taze Russell

Revelation 19

Understanding the Whore of Babylon

- The introduction of occultism into the United States was complete by the 1860s. Roman Catholic elements in the South plunged the USA into Civil War from 1861-1865.
 - The South lost in part because they did not receive promised help from Great Britain, the Papal States (AKA the Vatican), or the Venice Banks.
 - However, European elements convinced Lincoln and Congress to pass the National Banking Acts of 1863 and 1864.
 - Created a System of National Banks
 - Create a uniform national currency
 - Create an active secondary market for Treasury securities.

- The introduction of occultism into the United States was complete by the 1860s. Roman Catholic elements in the South plunged the USA into Civil War from 1861-1865.
 - Every President elected in a “zero” year from 1840 to 1960 died while in office.
 - 1840 - William Henry Harrison won (234-60) but died 31 days after taking office. He was 68 when he took office and was sworn in on March 4, 1841 on a very cold and wet day. He contracted Typhoid Fever. His quack doctors never figured that out.
 - 1860 – Abraham Lincoln’s wife held at least eight séances in the White House “Red Room” where Mr. and Mrs. Laurie attempted to contact her sons Eddie and Willie. President Lincoln reportedly attended some of the sessions. “Societal pressures” forced Mrs. Lincoln to quit having the sessions in the White House.

 - Every President elected in a “zero” year from 1840 to 1960 died while in office.
 - 1880 – James Garfield won a close election (214-155) but by only 10,000 vote margin. He was shot by Charles J. Guiteau, a delusional office seeker. He did not die until September 19, 1881. There was little said about his religious affiliations.
 - 1900 – Incumbent William McKinley won the election (292-155) in a landslide election over William Jennings Bryan. He was shot by anarchist Leon Czolgosz (Polish).
 - 1920 – Warren Harding won over James Cox (404-127). Often blamed for the “Teapot Dome” Scandal, his solution for the 1920 depression was “hands off.”

 - 1940 - Franklin Delano Roosevelt won the election over Alf Landon (523-8). He died in 1945 just before the end of World War II. His wife (Eleanor Roosevelt) was known to engage in Spiritualism. Hillary Clinton talked about contacting her many times.
 - 1960 – John F. Kennedy won over Richard Nixon (303-219) though vote fraud hindered the vote in Illinois and other states.
 - 1980 – Ronald Reagan won the election over Jimmy Carter (489-49). There was one assassination attempt made against him, but the prayers of a lot of Christians prevailed.

 - Every President elected in a “zero” year from 1840 to 1960 died while in office.
 - It was Pastor Win Worley, Dr. J. Marcus Haggard and others who identified the curse that had been laid on the White House because of the witchcraft of Mary Todd Lincoln and reinforced by Eleanor Roosevelt.
 - They traveled around the USA extensively getting people to pray to break the curse over the White House. However, in 1987, we learned that Nancy Davis Reagan engaged in her own occult activities. It was never known whether Mr. Reagan ever engaged in those activities or used what his wife had learned to make presidential decisions.

Revelation 19

Understanding the Whore of Babylon

- Financially, the fortunes of the United States began to be unstable after the Civil War.
 - In 1869, shortly after the inauguration of President Grant, Jay Gould and James Fisk formed the “Gold Ring” to corner the New York Gold Exchange. They got a friend of theirs named Abel Corbin (married to President Grant’s sister) to get them an introduction to the President. They convinced the President to not to sell gold on the markets for a while, claiming it would be harmful to farmers. Eventually, they tried to corner the gold market, but damaged the market and the dollar.
 - Panic of 1873 – Rampant inflation and demonetization of silver in Germany and the USA caused problems.

 - Stock Market Crash of 1987
 - Stock Market Crash of 2000 and resultant Recession
 - Housing Panic of 2007
 - Corona Plague Panic of 2020
- The only Depression the government ever solved was the one in 1921. They did that by not trying to manipulate the markets for political ends. By leaving the economy alone and letting it “work out its own problems,” we did not have an ongoing problem like Europe had.
